Noting, for Critical Infrastructure/Hardening of POE, can we add list of the 21 highest commercial/traffic volume POEs and what we've done/planning at each one (ie. s.37

s.37 Right now the list being used is organized by province, but we can re-order to go from highest volume POEs to lowest.

~

Finally, are we in a position to be able to assess s.37

s.37 as that may help identify where we need to prioritize efforts.

Thanks Dan. Just flagging that another IRG is rumoured to be in the works for tomorrow. Will ask that the IRG material follow same thread, of progress and how we're leveraging EA and other authorities at the borders and with POJs to manage protest activity.

~

Will advise once we know timing.

~ The Direct Back provision requires that the person be returned as the examination cannot be completed. There is no requirement for a Minister's Delegate Review, the person is not reported for inadmissibility – as such there is no admissibility hearing before the IRB. The person may seek entry to Canada at a later point in time when they are in compliance with the Act.

Thanks Dan.

~

For the Authorities, can we add more precision in on what type of order we will use to deny entry (direct back vs ATL vs removal order)? Does the EA provide change any specific procedural steps (ie. no admissibility hearing)? Please add if so.

Hi,

\~

Sorry for last minute tasking. Can we please get a 1-2 pager on work underway, how CBSA is mobilizing for the 21 sites we have designated as "most critical", independently and with POJ. Specifically:

\~

Critical Infrastructure - where/what criteria are for an unlawful protest at POE and Trade Corridor.

\~

Hardening of POE – what have we done, what is in the works with POJ in prioritizing steps to harden access to the POE and roads forming the trade corridor. Clarify use of s.37

\~

Authorities - to be used at POEs by CBSA officers pertaining to movement of people and goods. How are we communicating this with officers and public. How/when POJ can use authorities themselves.

\~

And anything I may have missed,

\~

Possible to get something by 3:45pm, please.

\~

Thanks,

Jag
